

PARALYSIS DEATHS GROW IN NEW YORK

One an Hour Is Now Rate
While Whole City Is
Terrified.

PHYSICIANS HELPLESS

In 12 Hours 178 New Cases
of Disease Reported
Mostly Foreigners.

Special to The World.
NEW YORK, July 6.—The average of one death an hour was maintained today by the infantile paralysis epidemic, 12 children dying of the disease between 10 o'clock last night and 10 o'clock this morning in the five boroughs of New York city.

During that period there were 178 new cases reported. Of this number 157 were in or near the seat of the epidemic in Brooklyn.

In one Brooklyn hospital today there were 225 children victims of the disease, many of whom, it was said, had only a slight chance of recovery.

Health Commissioner Emerson was in conference with his assistants and a corps of medical experts all morning. It is understood that drastic measures to rid the city of the plague are under consideration.

Total Is Now 702 Cases.
The officers of the health department were besieged today by men, women and children, mostly foreigners who, terrified by reports of the spread of the disease, demanded medical advice. It was necessary to summon extra policemen to preserve order, and at one time those waiting for an audience with the doctors formed a line which extended for nearly a block.

Since June 26, when the epidemic took hold, 702 cases of infantile paralysis have been reported. Of this number 138 died. Physicians fighting the disease were of the opinion that cooler weather would do more than anything else in ridding the plague.

An Army Post Quarantine.
Major-General Leonard Wood today ordered what is virtually a quarantine of Governor's Island because of the epidemic. By the commander's orders no children are to be permitted to visit the island and the soldiers there will not be permitted to visit their families until further notice.

Parents Rush Children Away.
The paralysis epidemic has hastened the departure of thousands of families who usually leave town for the summer. Estimates made by the health department of the number of children who have been taken out of the city since the epidemic became serious run as high as fifty thousand, but this is the season when the city population is annually reduced by the summer exodus.

BURY VICTIM OF THE CANEY RIVER

Body of Ralph Johnson Recovered After He Is Drowned While in Swimming.

Special to The World.
HARTFORD, Conn., July 6.—The body of Ralph Johnson of Broken Arrow, who was drowned in Caney River at a point one mile west of the old Delaware cemetery, Wednesday, at 11:30 a. m., while attempting to swim the stream, was recovered from the river this afternoon.

The young man's death cost a pall over the entire community in which he lived, he being very popular. Johnson, who had been working on a bridge near the scene of the accident, was taking a plunge when he was swept into a strong current in the middle of the stream. His cries for help brought a foreman to his rescue who tried vainly to save him. The body was recovered some time later.

ECHOES

BILL Spivins, married and father of six children, HAD an auto ACCIDENT, and now HE wants to kill THE printer who SET the head THUSLY: "BILL SPIVINS has FLO out and HIS wife says HE will die." (Humble)

Asks for Reports.

Special to The World.
OKLAHOMA CITY, July 6.—Bank Commissioner J. D. Lankford today issued a call for reports from state banks showing their financial condition as of June 30. The bank commissioner will follow the call issued by the comptroller of the currency for the present year. This will make the third report from banks for the calendar year.

BOY SCOUTS MAY AID IN MEXICO

National Body Says Lads
Can Be of Service to
America at Border.

Special to The World.

NEW YORK, July 6.—In the event of war with Mexico, nearly two hundred thousand members of the Boy Scouts of America are prepared to offer their services through co-operation with municipal authorities in the various communities where they are organized. It was announced here today at the national headquarters of the organization.

The policy not to participate in military operations will not be altered, but the services of the young scouts will be volunteered along the line of civil needs, including such assistance as may be rendered to the National American Red Cross should the necessities of war tax Red Cross resources.

In cities from which the national guard has been sent to the front the Boy Scouts will be prepared for special police duty in case of emergency. "To Scouts who live in the communities near the Mexican border there may come special opportunities for service," the announcement adds. "While it is not seriously expected that any invasion can take place, yet the task of defending property and lives may seriously tax the authorities of city and town governments to such an extent as to make it desirable for arrangements to be made through the civil authorities for the older Scouts to co-operate by guarding water supplies, telegraph lines and other important property which might be greatly damaged by the enemy."

ENROLL YOUTHFUL PRINCE IN ARMY

Prince William, Aged 10, Is Appointed
First Lieutenant of
Infantry.

BERLIN, via London, July 6.—According to a traditional custom of the Hohenzollern house, Prince William, eldest son of Crown Prince Frederick William and heir presumptive, was enrolled in the army today, his tenth birthday. He was appointed a lieutenant of the first guard infantry.

The prince, like his great-grandfather, Emperor William I, who became a lieutenant in 1897, begins his military career in the midst of a great war. Prince William also was given an honorary command with the second guard light infantry regiment.

Equalize Valuations.

Special to The World.
OKLAHOMA CITY, July 6.—The state board of equalization began today equalizing valuations of the different counties of the state preparatory to making the state levy. Returns have been received from nearly all the counties, and the remainder are looked for within the next few days. It is expected the board will finish the equalization of the counties this week and meet on July 10 to make the state levy.

The most extensive showing of high grade trunks and traveling bags in town.

We are showing
**Summer
Clothing**
that is Different
from the
Ordinary

Exclusive patterns, high-grade tailoring and perfect fit are the reasons for their popularity. A great display of them are here ready for you. Flannels, crases, silks, Mohairs, Tropical Worsteds and Palm Beach—

Real Girls Having a Real Time With Reel and Rod at Tahlequah

Campfire Clan From Tulsa Gets
"Glorious" Tan and Have
"Lovely" Eats.

(By Staff Correspondent.)

CAMP TAHLEQUAH, on the Illinois, July 6.—Eats! Who said girls could not eat? Fourteen perfectly good "springers" disappear every day for the 65 campfire girls who are encamped at the state Y. M. C. A. grounds here. When the meat is roasted, thirty pounds in imported for the meal. Other commodities are in proportion. The chef is a busy man.

The camp has been in operation six days now and every hour has brought some innovation in program. The Illinois river has never been more inviting for swimmers and boaters, the woods have never been more fit for tramps and hikes.

"Offish" Fish Story.
Fish are running fast. Yesterday three boatloads of girls returned with more than two hundred fine bass and the feast is being repeated almost daily but of a smaller scale. And by all

that's feminine!—One girl brought in four large bass and a dead rattlesnake the other day. Miss Hattie May Purdy shot a turtle July 2 and is the heroine of the camp.

The camp is well organized with committees in charge of each activity. A daily paper, edited on note paper, has been inaugurated with a universal circulation. Mrs. H. A. Eames is editor. As recognition of her election Mrs. Eames was hostess at a dance given in the pavilion July 3.

The health of the camp is perfect, largely due to the watchful care of two trained nurses. All of the campers have a healthy coat of tan which is the pride of their existence.

Life begins at 5 o'clock in the morning here. Setting up exercises, directed by E. E. Pierson, follow and then breakfast. During the recreation period in the morning many of the girls participate in the athletic events planned by "Doc" Pierson. Many girls have been taught to swim by competent instructors, among them being Gladys Hendershot, Ruth Swanson, Sarah Steckell, Gladys Burton, Gladys Brown, Loraine Phillips and Annette King.

Vesper services are held in the afternoon and in the evening the campfire holds sway. This is one of the most enjoyable items of camp life.

STRONG ARRAY OF G. O. P. CANDIDATES

State Chairman Geisler Says Republican Lineup for Legislature
a Winner.

Special to The World.

OKLAHOMA CITY, July 6.—According to State Chairman Arthur H. Geisler, the Republicans have an exceptionally large number of strong men among their candidates for the legislature. One-half of the membership of the senate will hold over, but twenty-two state senators are to be elected this year. The total membership of the next house will be 112, and the Republicans will make a fight to carry every district, excepting only Marshall and Wagoner counties, in which no one filed, and Republican leaders expect that their party will have a majority of the membership of the next house.

Eugene Watrous of Enid and S. W. Hogan of Kingfisher are the only Republican state senators who are candidates this year, the latter being opposed for the nomination by H. Brown of Watonga. Among the Republican senatorial candidates are two who are at present members of the house of representatives, namely Tom Testerman of Morrison and C. H. Holmes of Gaze. Holmes, however, has a competitor for the nomination in J. P. Johnson of Strong City. These two senatorial districts are at present represented by Democrats, but the Republicans are expected to carry both of them, and are also confident

that they will gain other senatorial districts.

Republican representatives who are candidates for re-election are J. C. Smith of Cherokee; L. A. Everett of Bickford; J. A. Marsh of Kingfisher; W. H. Olmstead of Wynoka; W. J. Ladd of Bristow; Henry W. Headly of Ponca City; Howard M. Drake of Dombay; Ed G. Keegan of Chandler; O. B. Aden of Lovell; A. A. Ewing of Guthrie; and J. B. Norton of Oklahoma City. But some of these have competition for the nomination.

Among the Republicans who have filed for the legislature are several of the well-known newspaper men of the state. Among these are Walter Ferguson of Cherokee; John Golobie of Guthrie; and J. W. Coates of Miami who have filed for the state senate. The filings for the house include A. R. Garrett of the Nowata Republican; J. B. Campbell of the Waukomis Democrat; Glenn Condon of the Tulsa World; J. E. T. Clark of the Coalgate Courier; J. J. Burke of the Norman Transcript; William Allison of the Snyder Signal Star and Henry W. Headly of the Ponca City Courier.

Killed by Mexicans.
WEBSTER CITY, Iowa, July 6.—Word reached here today that Prof. D. A. Kent, formerly a professor at the state agricultural college at Ames, had been killed in Texas by Mexican raiders while trying to get here with two of his ranch hands. It is not known when the murders took place. Two years ago Kent went to Dona, Texas, where he owned a large ranch.

Quite a Different Thing.
"A statesman is supposed to be familiar with all public questions."

"Yes," replied Miss Cayenne, "but not necessarily with all the answers."

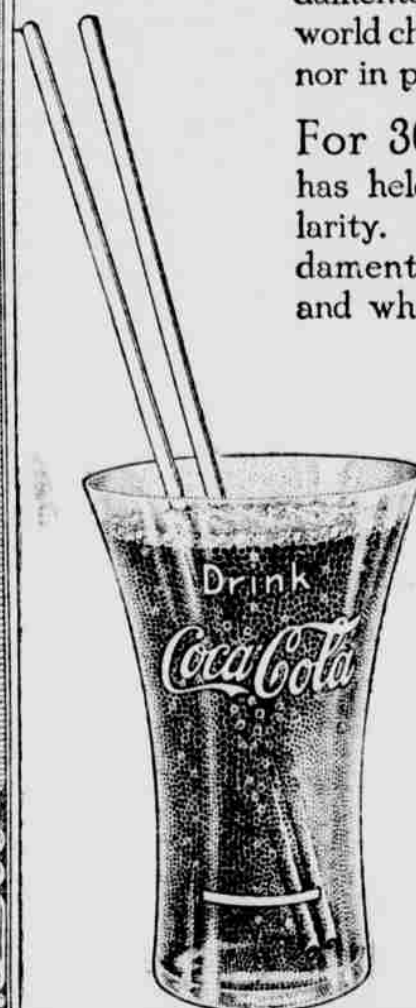

Indestructible luggage and wardrobe trunks exclusively at the Palace.

Drink
Coca-Cola
Delicious-Refreshing

For more than a generation people everywhere have found delight in Coca-Cola.

Times change, styles change, ideas change, but the fundamentally good things of this world change neither in themselves nor in popular esteem.

For 30 years Coca-Cola has held and increased its popularity. That's because it is fundamentally delicious, refreshing and wholesome.

Demand the genuine by full name—nicknames encourage substitution.

THE COCA-COLA CO.
Atlanta, Ga.

Going away this Summer?

Don't forget the most important necessity of the entire trip—a subscription to The Tulsa Daily and Sunday World.

You will want to keep posted about Tulsa while away and no better medium can be found.

It will be like a letter from home. It will come to you each day. We know that you will enjoy it very much indeed.

Be SURE and let us know when and where you are going so that your favorite paper may follow you. Order it today, lest you forget.

Another thing—You may change your address as often as desired.

DEDICATE OSAGE HIGHWAY JULY 24

Fifty Motor Cars From Kansas City Will Go to Taneycomo Region Then.

KANSAS CITY, July 6.—The opening of a good earth road to Springfield, Mo., and improved connections from that point to Lake Taneycomo and other resorts in the heart of the Ozarks, present to motorists of northern Missouri a vacation ground unknown to most motor car owners. The Osage Valley highway will be dedicated July 24 by a tour of fifty motor cars to the Taneycomo region. The route runs over the rolling

counties of Jackson, Cass and Henry, then through the hills and valleys of St. Clair, crossing the Osage river at Osceola and following the Sac river through Polk and Green counties. Striking the foothills of the Ozarks near Springfield, skirting the land of the big red apple and strawberry, the road winds up over the hills to the Taneycomo country, an ideal trip with an ideal ending.

The road will be marked sufficiently by the date of the dedication tour. The tourists will leave Kansas City Monday morning, stopping at Clinton that night. Five and ten-minute stops will be made at each town for Col. P. W. Buffum, state highway commissioner, to make good road addresses. Tuesday night will be spent at Springfield.

The route from Springfield to Lake Taneycomo, while not a part of the Osage Valley highway, probably will be incorporated with it.

Reasonable Request.

The lady was complaining to her dairymaid some time ago regarding the quality of his milk. "Short o' grass feed, mum; short o' grass feed this time o' year," said the dairymaid. "Bless you, them cows o' mine are just as sorry about it as I am. I often stands and watches 'em cryin', real cryin' mums, because they feel as how their milk don't do 'em credit. You don't believe it?"

"Oh, yes, I believe it," said the lady; "but I wish in future you'd see that they don't drop their tears into our can."

Exasperating.

"That man irritates me."

"Why?"

"He knows so much that isn't so—and he can prove all his statements!"
